

Ben
Byerwen Mine

The State Government has threatened the jobs of up to 800 Central Queensland mine workers by introducing secret, targeted legislation aimed at shutting down the Byerwen mine camp and forcing our people to move to Glenden... up to an hour away by bus!

Labor just isn't listening! This decision will have real impacts on the health and wellbeing of every single one of our workers.

TELL LABOR WHERE TO GO!

**Join our fight
to protect mine
workers' rights!**
